CUSTOMER DEPOSITS

1. The Company reserves the right to require a cash deposit prior to the initiation of service.
2. The amount of one hundred (\$100) dollars may be charged for all customers. All large volume commercial customers will be reviewed on an individual basis. A receipt will be issued to each customer upon payment of deposit, showing the name of the customer, address, date of payment and amount of deposit.
3. Interest will be paid on all sums held on deposit at the rate of 6 percent annually. Interest will be computed by a method which will result in an amount no less than that obtained by using a middle course method between simple and compound interest in compliance with Commission Order dated October 31, 1989, in Case No. 89-057. Interest on deposits computed in this manner will accrue until credited to the customer's bill or paid to the customer.
4. Where service is discontinued prior to the return of a deposit, the deposit plus all accrued interest less any amounts due the company will be refunded to the customer.

Special charges

BY: Jordan C. Neel
FOR THE PUBLIC SERVICE COMMISSION

The following special charges shall be applied uniformly throughout the area served by Public Gas Company and yield only enough revenue to pay the expenses incurred in rendering the service, in accordance with 807 KAR 5:006.

Turn-on Charge A turn-on charge of \$35.00 will be assessed for a new service turn on, seasonal turn-on, reconnection service, or temporary service.

Special meter reading charge This charge of \$10.00 will be assessed when a customer requests that a meter be reread, and the second reading shows the original reading was correct.

Late Payment Penalty A penalty of 10% will be assessed if a customer fails to pay a bill for services by the due date shown on the customer's bill. The penalty shall be assessed only once on any bill for rendered services. Additional penalty charges shall not be assessed on unpaid penalty charges.

Meter Test Charge If a test of a meter's accuracy is requested by a customer, the customer will be required to pay the vendor for the meter test if the meter is not more than two percent (2%) fast.

BUDGET BILLING

The purpose of this optional plan is to permit any customer the opportunity to equalize payment of natural gas bills rendered during a year.

This plan is available to any customer at his request under the following conditions:

1. A customer shall request budget billing and begin payments thereunder on the bill rendered for August deliveries (September billing).

Upon request by the customer the company will calculate the budget amount based on past usage at current rates, inform and secure from the customer his acceptance of the budget amount.

2. No customer in arrears shall be eligible for the budget plan until all past due accounts are paid or other wise satisfied.

3. The budget amount may be adjusted to reflect increased rates.

4. The budget balance and the actual bill will be shown on each billing.

RULES AND REGULATIONS

DISTCONTINUANCE OF SERVICE:

The Company may refuse or discontinue service to an applicant or customer for the following reasons:

1. For noncompliance with its rules and regulations, the regulations of the Energy Regulatory Commission or state, municipal and Federal codes applying to such service. The company shall make an effort to induce compliance, however after ten (10) days written notice service will be denied if compliance is not forth coming.
2. When a dangerous condition is found to exist, service will be denied without notice. The customer or applicant will be notified of the corrective action to be taken.
3. When reasonable access to premises is denied the company to carry out its responsibilities a fifteen (15) days notice will be given prior to termination of service.
4. For fradulent of illegal use of service.
5. For nonpayment of bills. A ten (10) day written notice shall be mailed prior to termination which shall not occur sooner the twenty-seven (27) days after the mailing date of the original bill. A residential customer may, prior to discontinuance, present a written certificate from a health official that discontinuance of service on the affected premises will result in aggravation of an existing illness or infirmity. The company will notify the customer in writing the address of state and federal programs designed to aid in payment of bills and that service will be terminated in thirty (30) days in absence of payment of all amounts due as stated in prior billings.

RULES AND REGULATIONS

1. COMPANY OWNED SERVICE LINES

The Company will install, own, operate and maintain the service line at the premises of residential and commercial customers, if such premises are not connected to a Company main by a service line. With respect to residential and commercial customers that occupy premises already connected to a Company main by a service line, the Company shall be responsible for operating and maintaining the customer service line and when the Company determines that replacement of such customer service line is necessary the Company shall be responsible for installing the service line and shall thereafter own the service line.

Any customer accepting gas service under this section shall be deemed to have granted the Company an easement across his property for such service. No service line shall be installed across private property other than the premises of the building to be supplied with gas, except after special investigation and approval by the Company.

When the length of the service pipe required between the property line and the meter is 100 feet or less, the Company will assess no charge for the service pipe installation.

When the length of required service pipe exceeds 100 feet, the Company may require the applicant to contribute toward the cost of the service line installation an amount equal to the estimated cost per foot for each lineal foot of service beyond 100 feet. Contributions by customers toward the Company's cost of furnishing and installing service lines in accordance with this section are non-refundable.

In the event that the Company is required to undertake any excavation on a customer's property in connection with the installation, repair, maintenance or replacement of a service line, the Company shall make reasonable efforts to

property to its original condition pursuant to generally accepted utility standards for such construction operations.

2. COMPANY'S EQUIPMENT AND INSTALLATION

The Company shall furnish, install and maintain at its expense the necessary service connection. The location of this service connection will be made at the discretion and judgment of the Company.

The Company will furnish, install and maintain at its expense the necessary meter, meter stand (including meter riser), regulator and connections which will be located at or near the main service connection, property line or near the building, at the discretion or judgment of the Company. Suitable site or location for the meter, meter stand, (including meter riser), regulator and connections shall be provided by the customer and the title to this equipment shall remain in the Company with the right to install, operate, maintain and remove same and no charge shall be made by the customer for use of the premises as occupied or used.

3. PROTECTION OF COMPANY'S PROPERTY

All meters, piping and other appliances and equipment furnished by and at the expense of the Company, which may at any time be in or on the customer's premises shall, unless otherwise expressly provided herein, be and remain the property of the Company and the customer shall protect such property from loss or damage and no one who is not an agent of the Company shall be permitted to remove such property or to tamper with or damage same.

Requested provisions:

1. Jefferson Gas Transmission Company (Jefferson) shall be responsible for providing a permanent supply of gas up to the metered valve where gas is sold to Public Gas Company (Public);
2. Public shall be responsible for all meter installations, meter reading, etc.;
3. No "laterals" or "mains" will be installed by Public. Lines to be laid by Public will be service lines only;
4. Public shall furnish Jefferson with regular meter readings to measure the amount of gas purchased at the metered tap-in point, and Jefferson shall have the right to verify such readings;
5. Jefferson shall invoice Public for gas purchased at the current contract rate, this agreement incorporates that purchase contract by reference;
6. Jefferson shall designate which areas of its gathering line it will make available to Public under this tariff, as not all areas will be guaranteed a sustainable gas supply for the foreseeable future;
7. In the unlikely event the wells go dry in an area that Jefferson has allowed Public to tap-in, and it becomes necessary to "back-flow" gas to a Public tap-in, Jefferson customers in the area will have the option to become Public customers;
8. Any customers qualified to receive service under KRS 278.485 that become Public customers pursuant to this contract can become Jefferson farm-tap customers by purchasing the hook-up from Public at its depreciated cost.

PURCHASED GAS COST ADJUSTMENT CLAUSE

Determination of GCR

The Company shall file a quarterly report with the Commission which shall contain an updated Gas Cost Recovery Rate (GCR) and shall be filed at least thirty (30) days prior to the beginning of each calendar quarter. The GCR shall become effective for billing for service rendered on or after the first day of each calendar quarter.

The Gas Cost Recovery Rate is comprised of:

1. The expected gas cost component (EGC) on a dollar-per-Mcf basis, which represents the average expected cost of purchased gas.
2. The Actual Cost Adjustment (ACA), on a dollar-per-Mcf basis, compensates for over- or under-collection of gas cost resulting from differences between expected gas cost and the actual cost of gas. For purposes of determining the GCR, the ACA for the application period and for the three (3) preceding calendar quarters. This may also be used to compensate for any over or under recoveries remaining from previous actual and/or refund adjustments after a 12 month period.
3. The supplier refund adjustment (RA) on a dollar-per-Mcf basis, which reflects the refunds received from suppliers during the reporting period plus interest at a rate equal to one-half of one percent below the average 90-day commercial paper rate for the twelve-month period. In the event of any large or unusual refunds, the Company may apply to the Public Service Commission for the right to depart from the refund procedure herein set forth.

RULES AND REGULATIONS

Billing

The gas cost recovery rate to be applied to bills of customers shall equal the sum of the following components:

$$\text{GCR} = \text{EGC} + \text{RA} + \text{ACA}$$

The GCR will be added to or subtracted from the tariff rates prescribed by the Commission Order on the Company's latest general rate case and will be included in the tariff rates stated on each applicable rate sheet within this tariff.

Definitions

For the purposes of this tariff:

- a. "Average Expected Cost" is the cost of purchased gas which results from the application of supplier rates currently in effect, or reasonably expected to be in effect during the calendar quarter, on purchased volumes for the most recently available twelve-month period, divided by the corresponding sales volume. In the event that line loss exceeds 5 percent, purchased volumes for the twelve-month period shall be calculated as: sales volumes divided by .95. Where the calculations require the use of volumes used during a given period, and those volumes did not exist for a particular source for the entire period, or the Company expects the volumes to change substantially, the Company may make appropriate adjustments to its calculations. Any adjustments of this type shall be described in the quarterly Gas Cost Recovery Report.
- b. "GCR" means the quarterly updated gas cost recovery rate and is the sum of the expected gas cost component plus the supplier refund adjustment plus the actual cost adjustment; i.e., $\text{GCR} = \text{EGC} + \text{RA} + \text{ACA}$.
- c. "Calendar Quarters" means each of the four three-month periods of (1) November, December, and January; (2) February, March, and April; (3) May, June, and July; (4) August, September, and October.
- d. "Reporting Period" means the three-month accounting period that ended approximately sixty (60) days prior to the filing date of the updated gas cost recovery rates, i.e., the calendar quarters ended January 31, July 31, and October 31 of each year.
